PROFESSIONAL SUMMARY

BBA student with hands-on experience in Data Analysis, Power BI, Tableau, DAX, and Excel across two internships. Currently completing a 6-week IBM SkillsBuild Academic Internship in Big Data & Business Management in collaboration with AICTE. Skilled at analysing datasets, building dashboards, finding insights, and presenting findings clearly. Looking for a role in Data Analytics or Finance where I can grow and contribute.

EXPERIENCE

Big Data & Business Management Intern | IBM SkillsBuild – AICTE & BharatCares (CSRBOX)

June 2026 – Present

- Completing a 6-week virtual internship in Big Data & Business Management with IBM SkillsBuild in collaboration with AICTE
- Learning Business Intelligence, Data Collection & Cleaning, Exploratory Data Analysis, and Dashboarding through expert-led masterclasses
- Developing a real-world final project aligned with UN SDGs; earning IBM Badge and AICTE Completion Certificate upon finishing

Data Analyst Extern | Zetheta Algorithm Private Limited

April 2026 – June 2026

- Received raw datasets and analysed them using DAX and Power BI to find key business insights, trends, and patterns
- Built a Risk Dashboard in Power BI showing 1,000+ scenario outcomes and created clear reports reducing manual effort by ~40%

2022

Sarvodaya Vidyalaya, FU Block Pitampura, New Delhi

PROJECTS

Sales Performance Dashboard | Power BI | Kaggle

[→ View Project](#)

- Analysed 5,000+ rows to calculate revenue, profit & COGS across 4 regions; identified 3 underperforming sub-categories using KPI cards and DAX
- Built interactive dashboard with segment, region & category filters; Top 7 Products & Top 10 Customers charts; cleaned 1,200+ dirty rows

Retail Performance & Customer Insights Dashboard | Power BI | Kaggle

[→ View Project](#)

- Built dashboard using 5,000+ rows to track Month Wise Revenue, Top 10 Contributors & Revenue by Country across AUD/USD and USD/INR markets
- Created 12+ DAX measures for monthly revenue change, total yearly sales, and customer-level contribution percentages

Walmart Retail Sales & Profitability Analysis Dashboard | Tableau

[→ View Project](#)

- Analysed ₹14.92M sales, ₹1.52M profit & 8,400+ orders across 4 US regions; Corporate segment led with ₹5.50M; 6 slicers for full interactivity
- Visualised profit by category — Technology 58.24%, Office Supplies 34.04%, Furniture 7.72% — using pie chart and bar charts

TECHNICAL SKILLS

Analytics: Power BI (Dashboards, DAX, Data Modeling), Tableau (Dashboard & Data Visualization), Microsoft Excel (Formulas, Pivot Tables, VLOOKUP, Data Cleaning)

SQL: SELECT, INSERT INTO, UPDATE, DELETE, TRUNCATE, CREATE, SUM, MIN, MAX, AVERAGE

Finance: Financial Modeling, P&L Analysis, Ratio Analysis, Forecasting, Scenario Analysis

Other Tools: MS Word, Canva, Generative AI (Prompting & Research)

CERTIFICATIONS

- Financial Modeling Certification – KPMG | Financial Analysis, Forecasting and Valuation
- Data Visualization Job Simulation – Tata Consultancy Services | Dashboard Design and Data Cleaning
- Excel Skills for Business Job Simulation – Goldman Sachs | Advanced Formulas and Pivot Tables
- Power BI Micro Course – Skill Course | Dashboard Building, Data Visualization and DAX Basics

ACHIEVEMENTS

- Completed 3 industry job simulations from KPMG, TCS & Goldman Sachs; selected for IBM SkillsBuild Academic Internship 2026 with AICTE
- Secured 1st Position in a competitive college gaming event, showing strong strategy and quick decision-making skills
